RED VENTURES

E-BROCHURE · 2026

Agar agar, *sourced* with the diligence of an older firm.

Food, bacteriological and technical grades — documented lot by lot, delivered to buyers worldwide.

ESSENTIAL INGREDIENTS WORLDWIDE

Young house. *Older discipline.*

We are a young trading house, and we buy like a careful one: the specification comes first, samples come before commitment, and every lot arrives with its paperwork.

01 Specification first

We start from your target — grade, gel strength, application — not from a price list.

02 Samples before commitment

Samples go to your lab. Test them against your own method, with no obligation.

03 Documented, every lot

A full certificate pack and a batch COA travel with every shipment.

AT A GLANCE

3	Grades
2+	Standard strengths, plus custom
4	Certifications

Three *grades.*

Food
GRADE 01

BEST FOR
Gelling, stabilising and texturizing

TYPICAL USES
- Confectionery & jellies
- Dairy & desserts
- Bakery fillings & glazes
- Plant-based gelatin alternative

Bacteriological
GRADE 02

BEST FOR
Culture media and laboratory use

TYPICAL USES
- Microbiological culture media
- Diagnostics
- Research & quality-control labs

Technical
GRADE 03

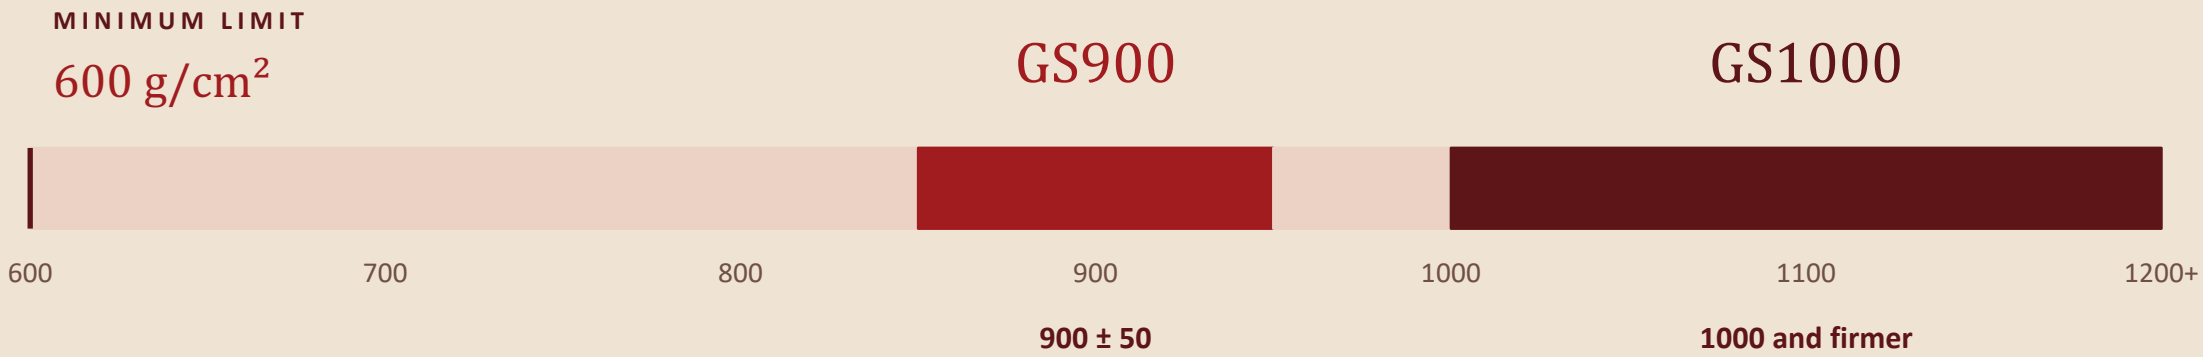

BEST FOR
Industrial and non-food uses

TYPICAL USES
- Industrial formulations
- Specialty, non-food uses
- Custom-specified applications

Not sure which grade fits? Tell us the application & we will recommend the grade and the strength.

Strength, *bespoke.*

Gel strength is stated in g/cm² and reported, with the test method, on the COA of every batch.

Custom strengths : any target from 600 g/cm² upward, on request

Specification, *at a glance.*

Reference limits for food-grade agar (EU E406). The batch COA states the actual result for every lot.

PARAMETER	LIMIT
Gel strength	**900 ± 50 · 1000 and firmer · custom (g/cm²)**
Loss on drying	≤ 22 %
Total ash	≤ 6.5 % (dry basis)
Acid-insoluble ash	≤ 0.5 % (dry basis)
Water-insoluble matter	≤ 1 %
Arsenic	≤ 3 mg/kg
Lead	≤ 5 mg/kg
Cadmium	≤ 1 mg/kg
Mercury	≤ 1 mg/kg
Starch and gelatin	Not detectable

Grade-specific specification sheets available on request.

Every lot, *documented.*

A full certificate pack and a batch COA travel with every shipment.

FSSC 22000

Food safety system certification

HACCP

Hazard analysis & critical control points

Halal

Halal-compliant supply

Kosher

Kosher-compliant supply

IN EVERY SHIPMENT

- Full certificate pack
- Batch COA — results and test method for the lot

RED VENTURES

Begin with a *specification.*

We will place samples in your lab, with no obligation.

01

Share your brief

Grade, strength, volume, destination port.

02

Samples to your lab

Test them your way.

03

Approve and quote

We quote for your volume and port.

04

Ship with documents

Certificate pack and batch COA.
